

Louie's happy home – photos, page THREE!!

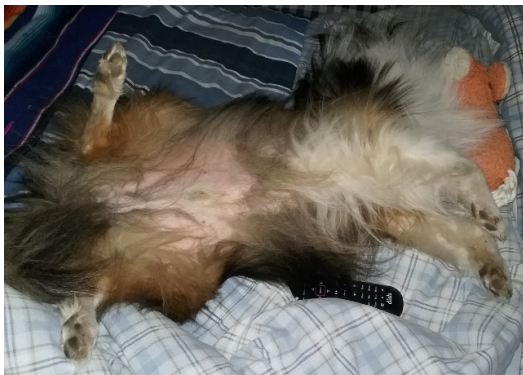

Yay! one of our tug of war games! We decided to use one of my Elies, but Skylia is checking out the situation to make sure we are just playing!

Resting on our window seat waiting for Dad and Skylia is taking a nap!

Oh goodness I am tired and so is my orange Ellie and my rope! Time to rest a bit.

Just 'chillin' after a very playful day!

Look at how dashing I am in my new birthday gift. Mom said the red boldly brings out the color of my fur!

My new jacket fits me just right!! My Mom knew just what to get me for my 8th birthday!

Goody, goody, goody, here comes my birthday cookie with yogurt! I know that I am special because I get the first plate!

Oh boy!! My 8th birthday party with my new friends and family. Hurry Mom and blow out the candle!!

Give me my presents before Dad lights the candle again!
